Editorial

The Research Management Cell of Janamaitri Multiple Campus has published an annual research journal since 2010 AD. The JMC Research Journal has maintained its glorious tradition with each issue. The thirteenth issue features five scholarly articles with a multidisciplinary flavor and multifaceted approaches covering various topics.

The Research Management Cell has enhanced its journal from publishing articles edited solely by the Editorial Board in 2010 to publishing our fifth issue with an ISSN number and peer-reviewed since 2016 AD. Since 2017 AD, we have been published both in printed and online forms via NepJOL. Following QAA (Quality Assurance and Accreditation) guidelines, we are committed to expanding our research activities to improve quality.

The current issue contains three research articles in English language and two in Nepali language, while three other research articles were rejected during the peer-review process. The titles of the research articles include "Adolescent Girls' Narratives on Hesitation, Realization, and Adaptation of Menstrual Hygiene and Sanitation Practices," "Students' Engagement in Classroom Teaching by Innovative Pedagogy: A Desk-based Review of Existing Literature," "हो-चि-मिन्हलाई चिठी कवितामा स्थानिकता" and "भवानी भिक्षुका कथामा पात्रविधान". To ensure quality and rigor, each article was reviewed by two reviewers and finalized by the editorial board.

I express my sincere gratitude to Prof. Dr. Krishan Chandra Sharma, Prof. Dr. Shyam Kumar Maharjan, Prof. Dr. Ramesh Adhikari, Prof. Dr. Narayan Gartaula, Prof. Dr. Mahadev Awasthi, Assoc. Prof. Dr. Netra Atom, Asst. Prof. Dr. Madhu Newpane, Asst. Prof. Bishnu Maya Bhusal, Asst. Prof. Dr. Bijay Prasad Mishra, and Asst. Prof. Niroj Dahal for their valuable suggestions during the peer review process. Similarly, the editorial board extends our sincere thanks to the family of Janamaitri Multiple Campus and everyone who helped directly and indirectly in the publication of this journal.

Anil Prasad Bhusal
Chief Editor
