It is our immense pleasure to welcome you to the second volume of our Research Journal, where we continue our journey of exploration across interdisciplinary domains. As editors, we are enthusiastic about presenting a diverse range of articles that reflect the innovative drive and collaborative ethos of researchers from home and abroad.

Within this volume as well, we have provided a platform for the publication of scholarly works on a range of issues, catering to both experienced and emerging writers from various fields. Our collection includes sixteen research papers in both English and Nepali that delve into pressing issues, propose novel solutions, and contribute to the advancement of knowledge in their respective fields. Each contribution embodies the essence of rigorous inquiry and intellectual curiosity.

We hold the conviction that this volume not only showcases the accomplishments of individual researchers but also underscores the power of collaboration and collective intelligence in expanding the horizons of knowledge. Furthermore, we anticipate that this expansive platform will cultivate a varied readership and prompt our audiences to actively contribute to the enhancement of research quality by providing constructive feedback and insightful commentary.

We express our sincere gratitude to all the contributors including the authors, reviewers, and supporters, whose vital roles have been indispensable for the success of this volume. Particularly noteworthy is our deep appreciation for the invaluable suggestions and support provided by the board of advisors, campus administration, and RMC at Durgalaxmi Campus. Your dedication, expertise, and passion for research are invaluable, and we look forward to continued collaboration and excellence in the volumes to come.

As we embark on this intellectual journey together, let us remain steadfast in our commitment to curiosity, integrity, and the pursuit of knowledge. May the insights shared in this volume ignite fresh ideas, stimulate meaningful discussions, and catalyze positive changes in our society.

Thank you for joining us in this endeavour.

Best Regards,
