

# Editorial

It is our pleasure to bring out the current issue of Journal of Environment Sciences. Ten articles on different thematic areas and cross cutting issues have been included here. Environmental knowledge generated in environmental sectors by different researchers, GOs/NGOs/INGOs, academic institutions has been assembled in the form of Journal of Environment Sciences, Volume VIII, 2022 as our yearly publication.

Journal of Environment Sciences aims to share environmental information and also promote to establish link among professionals, researchers, academicians and policy makers by providing them a common platform for further coordination and cooperation. We believe that the findings, outcomes, and suggestions obtained from these researches could serve for betterment of society and help to achieve environmental governance. We also believe that this journal will further help to pile up the scattered knowledge, information, techniques, technologies that have been generated in different paradigm of environment.

We want to assure here that the views expressed in the articles are those of authors and do not represent the official views of the Department of Environment. We acknowledge the valuable contribution from authors, researchers, reviewers and other human resources of the Department of Environment to continue this publication. With your cooperation, coordination and feedback, this Journal will remain uninterrupted.

Thank you
