Editorial

Welcome to the First issue of Volume 4, 2023 of Nepal Journal of Mathematical Sciences (NJMS). This issue contains nine original research articles and review papers in different fields of mathematics and mathematical sciences. We are grateful to all the authors for publishing their research works on this issue. We are expressing our thankfulness to all the reviewers and editors for their support, and backing for the publication of this work. We would like to request research scholars, professors, and scientists to submit their original research articles for future issues.
